Re: Mining and Reclamation Plan Review, May 19, 1987 Submittal,
Devil's Slide Cement Plant, ACT/029/001, Morgan County, Utah

The May 19, 1987 permit submittal has been reviewed and found to be complete. Rule M-10(6) Toxic Materials - JSL has been adequately addressed. The Kiln dust toxicity analysis is documented in Appendix C. The analysis indicates that the material is not toxic forming.
